

# **BOR ENCINO** *Un Señor Toro !!*

*There are breeders that claim that you can tell as much about the future of a bull when he is a baby as anytime in his life. Louie found Encino as a baby. We all liked him. Encino has not let us down. Like the canopy of an Encino, his progeny are wide, deep, long, bold and good looking !*

**ENCINO** is a sound strong topped bull that is rich in muscle, good looks, breed character and has that special herd bull look. He is sired by the major champion, Coal Miner, 2005 Show Bull of the Year whose full sister, Iron Maiden was the 2007 Show Heifer of the Year. He is out of the immortal Phenomenon cow who has

produced as many good herd bulls from different sires as any cow in the history of the breed. Two of her daughters, Lifeline and Focus are making quite a name for themselves as well.

**MIL GRACIAS** Larry for allowing us to partner with you on this great champion herd bull. Encino is Homozygous POLLED, DNA verified and albinism free. We invite you to visit Broken Oak and La Muneca and see for yourself the impact that Encino is having on this great breed. You will understand why we call him - **UN SENOR TORO !!**

LMC LF Titan combines two of the most prolific cows in Braunvieh history – Phenomenon and Baylee. He is a maternal brother to WTR Hip Check and WTR Laredo – both of which have been Show Bulls and Show Sires of the Year. Titan has looked like a CHAMP since the day he was born. He offers the TOTAL PACKAGE !! He halter broke in one day and will be used extensively in both our Braunvieh and Simbravieh programs.

LMC LF Joya is a super fancy, thick, eye appealing and moderate show prospect sired by Encino and a line bred JRK Keith daughter. It is hard to find a sire that will breed that fancy show ring front end and combine it with a thick and deep rear end – Encino is doing it consistently. A BIG HEARTY THANKS goes out to the Darryl Raub family for investing in this elegant female.

LMC LF Trinity is an own daughter of the famous RTR Pappa Gene and our young donor, BOR Focus (maternal sister to Encino) who is a GLB Polled Vision out of Phenomenon combining three of the very best breeding programs in the business that have stood the test of time. As you can see by the calves on this page, we are excited about our first crop of Braunviehs that we bred. We feel confident that they are the Right Kind to Build Our Small but Elite Herd around. MIL GRACIAS goes out to the Ricky Lopez Family for investing in this great female.

LMC LF Tosca and LMC LF Tyra are littermates to Titan. Both are going to make outstanding females and are bred to perform like their cow families have for so many years before. There is no telling how much revenue the Phenomenon and Baylee cow families have produced in modern Braunvieh history. They are the money making kind that can put you in and keep you in the Braunvieh business.
