

At La Muñeca- We are in the **BULL BUSINESS**

Co-owned with Louie Flores
Photo taken at 12 months

We have been the major supplier of herd bulls in the Simbrah breed for many years. Our goal is to do the same with our POLLED Brahman business. We take this responsibility very seriously and work hard to provide our clients the best product possible. Having been raised on a commercial cattle ranch provided us with the basics of producing no nonsense, easy keeping, functional, gentle cattle with plenty of beef and structural soundness. Having been in the registered business since 1963 has taught us the importance of pedigrees, performance, promotion and people. If you are in the market for a top quality POLLED herd bull or show bull prospect, we can help you reach your goals.

We have just weaned our first **ET POLLED** Brahman bull calves and are excited to share them with the industry. As you can see with the bull calves below, they are pretty darn good. They are priced right, will be halter broke and supported by strong pedigrees and a progressive promotional program and most important **GUERRANTEED** to get the job to your satisfaction.

The photo is of **LMC LF POLLED Ambassador**, our champion junior herd sire that is going to play a major role in our breeding program for many years to come. Semen interests are available.

A BIG HEARTY THANKS goes out to Curtis Gruetzmacher on his recent herd bull investment in LMC WF POLLED MASTER. He was impressed with Master's TOTALITY and disposition. He is a full sib to our POLLED MAESTRO, two of our young donors & a maternal sib to Pistolero - all of which are out of 707 - our MATRIARCH.

LMC WFF POLLED SUCCESS is a long bodied, correct, good looking, dark pigmented smooth POLLED herd bull prospect sired by the popular MR V8 114/6 bull (MR V8 846/5 "The Rock" x V8 495/5) and our 707 "MATRIARCH" cow. Like a fine wine, he is going to get better and better as he matures. Photo taken at nine months of age.

LMC POLLED ASSET is a clean sheathed, heavy muscled, big boned, good looking BEEF MACHINE out of our "Donna" donor cow and LMC WFF PISTOLERO. He is SMOOTH DOUBLE POLLED and very gentle. POLLED ASSET is the TOTAL PACKAGE and is one of four full sibs that we have for sale. He is just six months old in photo.

When you raise good bulls, you will raise your share of great females just like LMC Marina del Rey. We are keeping most of our POLLED heifers but will share 1/2 interest in the best ones if you are interested in partnering with us. You are welcome to visit La Muneca at anytime and see for yourself how our POLLED Program is taking shape.
