

POLLED BULL POWER

Our goal is to produce a new generation of quality **POLLED** Brahman cattle with an extensive, solid & popular genetic base with **WORLD WIDE CONSUMER DEMAND**. We are excited about every bull calf born because we feel confident that both the **COMMERCIAL COWMAN & BRAHMAN BREEDERS** are going to appreciate the opportunity to buy **QUALITY POLLED BRAHMAN BULLS**. It makes **\$en\$ible GENETIC & ECONOMIC \$ENSE !!**

We have been in the registered business since 1963 & are as excited now as we were back then. We know that any breeding program is only as good as the bulls used. The **POLLED** gene pool is limited but as you can see we have already assembled a great set of **POLLED** Herd bulls bred to improve the breed & make money for those progressive breeders who use them.

We have also meticulously assembled a powerful set of **POLLED** females from several herds that are being flushed & AI'd to the best **POLLED** bulls & a few special horned bulls. The results are impressive !! We have a great set of **POLLED** ET herd bull prospects that will sell on a first come first serve basis. Come & get'em. We invite you to visit La Muneca & evaluate our **POLLED** Brahmans, Simbrahs, Braunviehs & our new breed Simbravieh.
